

Beyond funding: EIC Business Acceleration Services

Welcome to the European Innovation Council (EIC), where financial support is just the beginning of your journey. As an **EIC Transition beneficiary** you can boost your research and move from the lab to the market with exclusive lifetime access to our **EIC Business Acceleration Services (BAS)**.

Discover a pool of resources designed to support you to successfully bring the results of your research in the market. Unlock unique mentoring and training opportunities by market experts, access to global partnerships and innovation ecosystems.

The three pillars of the EIC Business Acceleration Services:

Contacts

EIC Ecosystem Partnership Programme: Access resources, facilities and expertise from our network of strategic partners, and benefit from co-funding and matching services with the new EIC ACCESS+ initiative.

Skills

EIC Coaching Programme: Receive personalised guidance to navigate the complexities of turning your scientific breakthroughs into market-ready opportunities.

EIC Community Programme: Connect with partners and boost your skills with peer-learning workshops and tailor-made training activities.

EIC Tech to Market Programme: Get support in your transition from lab to market with two service strands:

- The Entrepreneurship strand helps you turn your technology solutions into marketable innovations, accelerate your science-startup projects and build strong Value Propositions and viable Business Models.
- The Venture Building strand builds start-ups to leverage promising research results through venture building services, comprising a range of activities from identification of promising business ideas to venture creation and development.

**Service resuming in Q2 2025*

EIC Women Leadership Programme: Strengthen your leadership skills and expand your network among female leaders with the support of a personal mentor and business coach.

Explore additional services to gain new contracts (only for SMEs and incorporated ventures):

EIC Corporate Partnership Programme: Scale up your business by establishing valuable business collaborations with the largest corporations in Europe (for SMEs only).

EIC Innovation Procurement Programme: Enhance your access to market opportunities and procurement markets at the European and global levels.

EIC International Trade Fairs Programme: Promote your commercialisation strategy in foreign markets and leverage business opportunities at the most popular trade fairs across the world.

EIC Investor Readiness and Outreach Programme: Make the most of your interactions with investors and get matched with the most relevant ones for your project.

EIC Next Generation Innovation Talents – InnoNext: Take your innovations beyond the invention stages and develop your entrepreneurial mindset with a paid traineeship for researchers.
