

2 EIC CO2 Reduction badge

Badge value: The company has shown to be aware of its climate impact and commits to act on reducing its climate impacts by committing to (1 or more) reduction actions.

Badge requirements:

- The company has obtained the EIC Carbon Footprint badge
- The company has committed to reduction actions that will lead to 5% reduction on the complete Scope 1 & 2 footprint over the period of a year. The reduction actions section can be done in the EIC Greenhouse Gas tool in the "3. Reduce" section.

¹

- The company has the intention to reduce emissions in Scope 3. This can be done by adding at least 1 reduction action in Scope 3.

¹ Note that you can add other commitments on GHG reduction that are not available in the reduction list of the GHG tool. If required, please add your additional commitments.
